

Serving with MissionGO

“The Purpose of Global Health Services, a division of MissionGO, is to engage in genuine, holistic ministry. We believe that God’s work, to which we are called, should be directed toward both the spiritual and the physical needs of people. Just as there is no compartmentalization between an individual’s spiritual, mental, social and physical aspects, so there is no dichotomy between the spiritual and physical ministries within the world view of Global Health Services. It follows that those whom God leads to join this ministry would be totally committed to people’s spiritual needs as well as having a profound concern for mental, social and physical needs.”

Dr. John Look,
Director of Global Health Services

More Ways to Serve

COSTA RICA

MissionGO’s El Jardin Sagrado, situated in the beautiful Orosi Valley, has facilities to house both short-term medical and evangelistic teams of 10-15 people for 2-3 weeks. We have a need for a nurse or physician assistant year round.

THAILAND

Jeff and Apple Garcia welcome workers to assist in their orphanage work with abandoned and exploited children. Medical help is also needed as they travel to minister among the hill people of northern Thailand.

INDIA

Many MissionGO ministries in India are keen to partner with medical professionals as they help the poor and reach the lost. Call to discuss individual short term and career possibilities.

ENTREPRENEUR

Every ministry needs a pioneering founder. Is God calling you to start a new medical work or to lead a short-term medical team? Call our office to explore further opportunities.
