

MIDWIFE

SIERRA LEONE

Based in Mokanji, MissionGO serves the community with a medical clinic, a well-drilling program, informal theological training, and an orphan program. With a furnished guest house, this is an amazing opportunity of service just a couple flights away. Inquire about how you can help!

GUATEMALA

Guatemala has one of the highest maternal and infant death rates in Central America. Centro de Partos el Pozo (the clinic) manages prenatal care appointments, labor and delivery, and postpartum care for women from remote communities where there is little access to safe and professional medical services.

TRAINING

MissionGO offers two options. Newlife International School of Midwifery (NISM) has been training Christian missionary midwife students for over 20 years. NISM is an American school, whose academic and clinical training is done at their clinical site in the Philippines where 27,000 babies have been delivered. The Christian Heritage Academy of Midwifery (CHAM) is a midwife school in Colorado Springs, CO; most classes are correspondence courses.
